## Note from the Principal

I would like to wish you all a Happy Easter and I hope you enjoy the 2 week break. We are very happy to announce Mr. Bruce has been promoted to Deputy Head Teacher. I hope you will join us in congratulating him in his new role.

Best Wishes

Teresa Glynn  
Principal

Dear Parents/Carers,

Our final week of the term was definitely colder than the previous one with icy winds and snow making an appearance. Nevertheless, we continued to enjoy our walks and trips to the playground.

The students, and staff, have coped amazingly well this term and continued to work hard, always trying their best. They deserve their holiday and the chance to rest and enjoy themselves before returning for the summer term.

Each class recounted a section of the story of Holy Week in our Easter Liturgy assembly today. They did an amazing job of retelling the story in their own way and bringing it to life for all of the school to see. Well done everyone, you were all brilliant! We ended our term with a very enjoyable singing practise at the end of the day.

If you would like to obtain more LFD COVID test kits and are unable to get them via the government online ordering system please email Alex Way [Alex.Way@stelizabeths.org.uk](mailto:Alex.Way@stelizabeths.org.uk) to request a set of tests.

All that remains is for me to wish you all a Happy Easter and remind you that we return to school on Tuesday 19<sup>th</sup> April at 9 am.

Have a safe and relaxing break.

Stuart Bruce  
Deputy Head Teacher

## **Jubilee Class**

This week in Jubilee we have been looking at Easter around the world and looked at different traditions. We painted some eggs and had races rolling them down a hill, as they do in Scotland. We also looked at the first half of the Easter story. We did an Easter Egg hunt around the school, with action prompts for staff and pupils to follow e.g., 'Dance like a Chicken' 'Spin around 4 times'. We all had lots of fun.

Mrs. C has unfortunately been off poorly this week, so we are sending her lots of get well wishes.

Have a great Easter break

Warm regards,

Jubilee Team

## **Winston**

Hello from Winston class!

This week we've been exploring the Easter Story, as well as building on our numeracy and literacy. We've also been cooking biscuits and sharing them as they did for the Last Supper. We hope everyone in Winston has a fabulous holiday and can't wait to welcome them all back for the Summer Term.

From Winston Class

## **Pippin Class**

Pippin Class have had a great week, we have made cookies, been on an Easter egg hunt and practiced for our part in the Easter Liturgy. We have enjoyed making cards to send home and are looking forward to the holiday.

We wish everyone a peaceful Easter.

Many thanks

Charlotte and the team

## **Discovery Class**

This week in Discovery Class we have been getting into the Easter mood with stories and activities. Everyone in class had great fun making and tasting Easter nests in our cookery lesson. Although this week has not been as warm, we have wrapped up warm and have been out on walks and to the park.

On Thursday the class prepared part of the Easter Liturgy story and joined in with the school on Friday re-enacting Jesus entering Jerusalem on Palm Sunday and being laid to rest.

Have a lovely and restful break

Discovery team

## **Bramley Class**

Hello from Bramley Class!

We have had a great week engaging in lots of Easter activities. We have been listening to and engaging in different music and movement Easter songs, we made sensory paper plate chicks, we decorated Easter eggs with sensory materials and we also listened to the Easter Story using sensory props. In our assembly this week, each class acted out part of the Easter Story, we acted out part of the Last Supper where Jesus washed the disciples' feet.

We have finished with our sensory story this week (Walking through the Jungle) and shown more anticipation to parts of the story as we've repeated it each week this term. We also continued to engage in different number songs this week – we each chose a song by selecting an object out of 2 that represented the maths songs.

We hope you have a fabulous Easter break.

Chloe and the Bramley Team

## **Stirling Class**

Stirling class have continued to work hard this week.

We continued looking at our money skills in numeracy and all students can now recognise all UK coins and notes, and some students are able to work out how much things cost and how much change they should expect in return. We also did some measuring and were able to compare items. Two students also did a daily temperature taking task and recorded this to better understand how to record and analyse temperatures.

Students also learnt about hazards and dangers they can face in the home and around the school.

On Friday, we learned in detail about the Story of Easter, and then did some interesting related activities.

Students continue to watch Newsround each day, so they have an idea of what is happening in the world around them, which we then discuss.

We are all looking forward to a nice and well deserved break over Easter.

Barry and the Stirling team
