Collective worship

For Mass times and Gospel readings [Click Here](#)

We celebrated the feast of St. Mark, one of the Gospel writers, today in assembly. The children learned about his life and then got to read out some headlines from the Gospel, to understand how the stories are still passed on today. Our week came to a close with singing practise in which we began to learn a new song

Mark 6:50

because they all saw him and were terrified. Immediately he spoke to them and said, "Take courage! It is I. Don't be afraid."

Dates for the Diary

5th May Coronation celebration

11th July Sports Day

14th July Graduation

18th July End of Year celebration

Head Teachers Message

Dear parents

Another jam packed week at St Elizabeth's School. Our learners have been to Harry Potter World and Hyde Hall this week. Two of our youngest candidates have gained two units of qualifications in their City and Guilds Personal Progress Module and aspiring to achieve more. At St Elizabeth's we are firm believers that better never stops. I would like to take this opportunity to remind our families that this weekend is an extended Bank holiday weekend, we will see you all again on Tuesday

Beacon:

Another fantastic week for Beacon class, students enjoyed a relaxing picnic on Tuesday. On Thursday they peeled, cut and tasted some vegetables and decided if they liked or disliked them. We then went on to cook a vegetable pasta bake. We did also appreciate our RE lesson on Friday where we've learned about God being the light that guides us. In Maths we did measure different vegetables and compared their sizes. Our Teacher Award went to Bradley for doing great listening and being caring by walking slowly and stopping to wait for a staff member that couldn't walk as fast

Bramley:

Hello everyone from Bramley class! As it's coming near to the end of our blooming marvellous theme, we've been exploring prior learning objectives and recapping on all of our favourite stories and lesson topics over the last 8 weeks. We're very proud of our students which have working tremendously hard on achieving their goals. The beginning of the week saw us cooking French toast, reading stories and exploring sensory activities with friends and peers. The second half of our week included visiting Ashville feeding and petting the chickens, collecting their eggs and washing them to be sold here on site. We've enjoyed a lot of challenging cognition lessons and loved being involved in an assembly from Pippin class. We hope everyone has a relaxing bank holiday weekend and we look forward to seeing everyone on Tuesday.

Jubilee:

This was a very special week in our topic of festivals and celebrations with the hatching of 12 little ducklings in the garden. We learnt about the life cycle of a duck and how the mother cares for them. We problem solved by creating a ramp for the mother and her babies to get back to their nest. We were able to feed them with a mixture of peas and duck food. We created a mini pond with one of our tuff trays and enjoyed observing them playing. Have a lovely weekend - Jubilee.

Pippin:

Pippin have had a fantastic week exploring a range of activities and trips at part of our Blooming Marvellous topic focused on everything horticulture and plants. We have visited the RHS Hyde Hall Gardens in Chelmsford followed by exploring seasonal ingredients whilst cooking. We have also enjoyed a group bike ride and our therapy sessions

Stirling:

This week Stirling class were shopping for and creating a middle eastern Eid inspired dish, Biryani. Students had the opportunity to cook with over 9 fresh herbs and spices which really tested their culinary skills. The end result was delicious and enjoyed by all the students. Students were being introduced to the skill of evaluative writing in literacy. They worked off of a checklist of what they must include in their answers and an example answer to help inspire them. The end result has been phenomenal with students having shown a range of literacy skills including how to use a quote and justify why it answers the question. Students enhanced their 3D shape knowledge further this week and in topic they explored two more wonders of the world. PSHE saw them taking part in a mock job interview and their collaborative canvas in the drawing room is gathering pace as they prepare to unveil their artistic impression of the holy trinity to the school.

Winston:

Happy Friday from The Winston Team

What a great week we have had, the students have worked hard on City and Guilds and are all nearing completion.

The biggest activity by far this week, was our trip to The Harry Potter Studios, all of the class had an amazing time!

At the farm on Thursday all of the students were very busy with lots of jobs to do, staff were impressed with the effort.

Today we are looking forward to making nachos and singing.

Have a great Bank Holiday!

Friday's Prayer

Teach us, good Lord, to serve you as you deserve; to give and not to count the cost; to fight and not to heed the wounds; to toil and not to seek for rest; to labour and not to ask for any reward, save that of knowing that we do your will.

Class	Star of the Week
Beacon	Bradley
Bramley	Ryan
Jubilee	Charlotte
Pippin	Greta
Stirling	Owen
Winston	Morgan
