We celebrated the feast of The Ascension, which took place yesterday, in assembly today. We discussed how Jesus spent forty days on earth after his resurrection on Easter Sunday, before ascending into heaven and leaving the gift of The Holy Spirit to guide his disciples as they began their teachings. The students offered their prayers for others and thanks to The Holy Spirit while one class looked into the bible story in more detail. We ended a lovely sunny day with a bright and joyful singing practise together in the school hall.

Jesus said, "Do not hold on to me, for I have not yet ascended to the Father. Go instead to my brothers and tell them, 'I am ascending to my Father and your Father, to my God and your God.'" John 20:17

Dates for the Diary

26th May start of Half term

11th July Sports Day

14th July Graduation

18th July End of Year celebration

Head Teachers Message

Happy Friday to our St Elizabeth's family. We have all had a wonderful week here at school. A big welcome to Harry this week, who has joined us. Our students have enjoyed their time at the farm, where they witnessed the matrimonies of rabbits, and Pippin class continue to be extreme as they headed down the ski slopes. We raised awareness of Mental health this week, as we all know we all have a state of mental health and it is important we all learn about what we can do to ensure we stay positive.

Beacon: Beacon had another eventful week, filled with lots of learning and excitement. On Monday we applied our creativity at The Drawing Room, creating feathers and animals out of clay. On Tuesday we spent lots of time outdoors, we enjoyed the nice weather by going on bikes and walking on St Elizabeth's grounds identifying the wild animals that crossed our path. On Wednesday we collected, washed, separated by size and counted fresh eggs in Ash Vale. On Thursday we cooked some delicious Monkey Joe's pancakes and on Friday we immersed in an adventurous trip under the sea in our RE lesson, where the students delighted themselves exploring the noises, the waves and the sea creatures.

Bramley:

Hi Everybody,

Hope we've all had a good week just gone. Bramley class has been getting our hands busy with lots of different learning activities. We've ran loads during PE, cooked pancakes, feed chickens and cleaned their eggs, made beautiful art with help from our friends from the drawing room, and worked incredibly hard to achieve all of our targets in class. Star of the week goes to Marcus for looking out for his friends throughout the entire week. Our picture comes from one of our afternoon trips to the ball pool. Playing a very good game of burying the teacher! Wishing you all a pleasant weekend, From Greg and the rest of Bramley

Jubilee:

Please have a look at our garden! This is our project that is developing as part of our "Blooming Marvellous" Topic in Cycle four. This is aimed at sensory experiences as well as developing a love of gardening. We are also developing social skills by sharing activities and taking turns planting things in the garden. This week we harvested our spring onions we grew and we tasted them in our "HEALTHY" vegetable pizzas in food technology. Have a lovely weekend - Jubilee

Pippin:

Hello from Pippin class, we have had another fantastic week full of adventures and new experiences. This week we enjoyed indoor skiing, with all students adapting really well to the new equipment and instructions, one our students even managed to slide down the high slope remaining perfectly balance. We have also enjoyed our sensory stories, art and cooking, we look forward to next week's trip to the farm and swimming. Our STAR of the week is Greta for her outstanding skiing skills.

Stirling:

This week Stirling class were in full summer swing with a cake making extravaganza featuring lemon drizzle and Victoria sponge. In literacy and communication we continued reading and gaining further knowledge on about James and The Giant Peach. At the same time, introducing recognising and using use of prefixes and suffixes.

Numeracy allowed students to carry out a survey in which they had to walk the grounds identifying, tallying and sing frequency to complete and statistical table that they will next week, create a bar chart for.

Topic and RE focused towards the importance of community and celebrating the ascension of Jesus. To conclude, for PSHE we began or our sexual health and relationships scheme of learning with setting an understanding of others qualities, why we must respect others views and those that don't want to share things, while looking at how to eradicate discrimination.

Winston:

We have had a busy and enjoyable week. Visiting a Buddhist temple, where we learnt about remaining calm and not being angry, the young people were all very serene and seemed to take on board the importance of being calm and kind.

In numeracy the young people have created tally charts and worked extremely hard, they are also enjoying James and The Giant Peach and have created a lovely display for British Values.

Thursday at the farm was a very special day as well as working hard, the students arranged a lovely wedding ceremony for two of the rabbits Lilly and Larry! A first for everyone! Have a great weekend Mel and The Winston Team.

Friday's Prayer

Dear Lord,

Thank you for helping and supporting us.

Thank you for giving us confidence.

Help us to use our gifts to do your work.

Help us to have the courage to pick ourselves up and carry on again when we get things wrong.

Amen

Class	Star of the Week
Beacon	Henry
Bramley	Marcus
Jubilee	Charlotte
Pippin	Greta
Stirling	Dylan
Winston	Luke
