Today's assemblies were the 'most sacred heart of Jesus' celebrating Jesus's love for us all. We shared cakes and worked on how love can overcome our problems, and shared people we love and why. We finished the week with a lovely cooling singing practice.

Come to me, all you who are weary and burdened, and I will give you rest. Take my yoke upon you and learn from me, for I am gentle and humble in heart, and you will find rest for your souls. For my yoke is easy and my burden is light." Matthew 11:28-30

Dates for the Diary

Pride parade 30th June

School play Wizards of Oz – parents
welcome 7th July

Sports Day 11th July

Graduation and Summer Fete 14th July
(See details on email)

Head Teachers Message

This week has been a hot one, but it did not stop our sporting champions getting involved with the annual Presidents Day. Two classes went to Chelmsford to take part in sporting activities and even met some famous faces along the way. A big well done to the staff and students for getting involved, particularly Mr Way for his exceptional organisation skills. I would like to wish all of our Fathers a 'Happy Father's Day' on Sunday.

Beacon:

Beacon students have enjoyed the hot weather very much this week. On Monday we went to paint the clay feathers that we made on our previous session. Tuesday we have spent lots of time outdoors, we went to the canteen, chose a healthy snack and sat down to have a picnic. On Wednesday we helped collect some eggs in Ash Vale. Thursday we enjoyed our cooking lesson, making dog paws cookies and on Friday we had a great time at the assembly about the Sacred Heart of Jesus and got some cake yummy too.

We had 2 teacher awards this week. Henry for doing very well on his phonics assessment and Tom for complete his City and Guilds qualification. Well done guys! We are very proud of you!

Bramley:

Hello everyone from Bramley Class ☺ We've had ourselves a really lovely week in the sun. This week we have been welcoming a new learner into class and I'm very happy to say that Mathew has done a fantastic job in settling into his new environment. We've explored some more of our communication stories and have been expanding our communication board for the term to show all of our hard efforts every day. We helped the Ashvale collect chicken eggs and feed the hens. We've taken lessons in the sun and we've continued to work towards our individual targets and built new relationships with new class friends. Our star of the week is Mathew for doing such a good job at settling in. Our picture of the day comes from one of our arts and crafts, which every learner completed and was able to showcase their achievements on our wall. Thank you everyone and I hope you get to enjoy the sun this weekend. From Greg and Bramley Class

Jubilee:

We have been working on our topic "Blooming Marvellous". We have been learning about the lifecycle of the butterfly. We hatchet the caterpillar from eggs and they have changed into hanging chrysalis. All our learners are waiting with bated breath to see the butterflies emerging from them. We are exploring mini beasts and identifying local plant life we see in our gardens. We are learning to be aware of plants that are safe to touch and those one of our youngest learners have made "FANTASTIC" progress with her reading! Well done, little one! We are very proud of you. Enjoy the weekend! Mrs C

Pippin:

Pippin class have had a brilliant week, we have enjoyed fruit picking at Cammas hall, whereby the student picked strawberries and raspberries. We have also enjoyed gardening at Ashvale, as well as lot's of dancing and moving around to our jungle sensory story. We have been outside in the sunshine with Bramley class taking part in afternoon music lessons on the promenade, as well as during our therapies.

Our STAR of the week is Greta for excellent fruit

Stirling:

This week was another jam packed week kick starting with Stirling's trip to the Presidents sporting event in Chelmsford. Students had the chance to show off their tennis skills, try out the many varied bouncy castles and take a ride in the train around the centre. The next day Stirling travelled to Tesco's to buy ingredients for their chosen afternoon tea and then created their culinary masterpiece to share later that day. The class learned about how to create their own pictograms for maths and answered an analysis question about one of their chapters in James and the giant. Peach. In the drawing room this week, students continued working on their church clay models which will look spectacular once complete.

Winston:

Winston have had a fabulous week. On Monday we took part in Presidents Sporting day where students tried their hand in tennis, bouncy castles, athletics, and a train ride. On Thursday we had another fantastic day at the farm where we planted beans, watered the gardens, and helped clean the teepees. Throughout the week we have been learning all about the Sacred Heart of Jesus, the human body, and chronology in James and the Giant Peach.

Our star of the week is Luke, congratulations!

Friday's Prayer

Dear God,

Show us how to love one another by caring and helping,

Show us how to make everyone feel special. We are all special to you,

You love and care for each one of us By the gifts you give for us every day: every one special.

Thank you.

Amen.

Class	Star of the Week
Beacon	Henry
Bramley	Mathew
Jubilee	Medeea
Pippin	Greta
Stirling	Kwaku
Winston	Luke
